REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art. The subject matter not found was the method or apparatus ordering each patient status change in temporal sequence and identifying the health disorder candidate having the pathophysiology substantially corresponding to the patient status change which occurred substantially least recently as the index disorder, in combination with the other steps or elements in the claim.

The closest prior art of Chiang et al provides a prognosis of a patient using data from the physician and programmer but does not order each patient status change in temporal sequence and identify a health disorder candidate which occurred substantially least recently.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George R Evanisko whose telephone number is 703 308-2612. The examiner can normally be reached on M-F 6:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Angela Sykes can be reached on 703 308-5181. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
